****

Dr. Cailles has made many decisions during the design and construction of this building to make it as easily accessible as possible for all individuals wishing to enter.

If you are in need of any assistance either for yourself or your pet, please let us know when making the appointment and/or by calling us on your cell phone from the parking lot.

If you or someone you know is physically unable to travel to this facility, it is the policy of Oldwick Animal Hospital that we will make a house call and /or provide transportation for that pet to the facility.

****

As the person responsible for the pet(s) on this file, I understand that all payment is due at the time of service.
